Re: Soil Activator

Thank-you for submitting to us the formula for your agricultural input named "**Soil Activator**".

Ecocert Canada has reviewed the declared formula for "**Soil Activator**" against the *National Standard of Canada on Organic Production Systems and Permitted Substances Lists* (CAN/CGSB 32.310-2006 and CAN/CGSB 32.311-2006).

We have verified that all the declared ingredients appear on the *Permitted Substances Lists*, section 4.3, and are compliant with any restrictions regarding their production and composition.

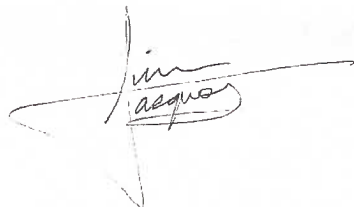

We have also verified that the declared processes used in the manufacture of "**Soil Activator**" (and its ingredients) are compliant with section 1.4.1. of CAN/CGSB-32.310-2006.

The Canadian Standard CAN/CGSB 32.311-2006 notes the following restrictions regarding use of such a product as a Crop Production Aid in organic production:

- No restrictions.

We have received a signed contract from Earth Alive Clean Technologie Inc., in which you declare that all products marketed as "**Soil Activator**" are made according to the formula referred to above.

Yours truly,

Simon Jacques,
Input Verification Officer

Organic producers should check with their certification body before using any inputs. This letter does not constitute a certification or an approval of the input, nor does it imply any regulatory oversight.
